

Finishes Explained

Alevè

A finish designed to highlight the tactile surface of wood. This surface was inspired by Alevè, an ancient forest in Piedmont, Italy.

Losa

Interprets with great naturalness and personality the vibrant channelling of slate stone, the structure of the finish reproduces the 60 degree inclined cut to give a three-dimensional finish.

Luna

Its surface irregularity, inspired by the lunar surface, creates deep three-dimensional effects. A rough surface with rugged charm.

Mika

Inspired by the mineral mica, through luminous reflections this finish brings elegance and brightness.

Kér

Inspired by the texture of marble, Kér is a matte finish that adds elegance through it's pairing with sophisticated patterns.

O'Briens expressly warrants that it will repair or replace this product, free of charge, if it fails due to any manufacturing defect in materials or workmanship during the first 10 years after initial installation.

The warranty shall not apply to damage if caused by:

1. Physical abuse, accidents or misuse;
2. Exposure to heat;
3. Faulty or improper installation.

This warranty is extended only to the original purchaser and may not be transferred or assigned. A purchase receipt or other proof of date of original purchase will be required before warranty service is rendered. O'Brien's obligation is limited solely to the repair or replacement of the products purchased hereunder, including reasonable and necessary labour charges.

No other express or implied warranties of merchantability or fitness for a particular purpose are made by the warranty except for those expressly herein. Under no circumstances shall O'Brien's be liable for any loss or damage arising from the purchase, use or inability to use this product, or for any special, indirect, incidental or consequential damages.

To obtain service under this warranty, please contact the source from which you purchased your Laminate product. If the problem is not handled to your satisfaction, please contact The O'Brien Group directly by writing or calling your nearest O'Brien's office.

Dark colours will show scratches more readily than light colours. To minimise scratching, always place and lift objects - never drag or slide them across the surface.

The Milano Collection

FROM THE O'BRIEN GROUP

Experience a touch of Italy

March 2020

Arpa HPL For Interior Design

The O'Brien Group is proud to bring you The Milano Collection from Arpa.

Arpa Industriale has been producing HPL since 1954 with all the expression of lively and original creativity that the “made in Italy” label stands for. Italian design culture influences our lives through fashion, food, cars, lifestyle, and the colours of the Italian flag are iconic around the world. The 60 years of investment in research, technology and staff training have enabled Arpa to gain a leading position on the international markets and a reputation for market leading design and finishes.

- Excellent moisture resistance

- Scratch and wear-resistant

- Ease of maintenance and cleaning

- Suitable for contact with food
- High impact resistance

- Light fastness

- Hygienic

- Also suitable for doors and drawer fronts

Available in two edging options:

Post form to 8mm radius, up to 60mm thick

Standard Arpa square edge any thickness
Euroedge up to 60mm thick

The Milano Collection from The O'Brien Group is available in 12 of the most popular colours from Arpa, carefully hand picked to suit the New Zealand market and design trends. While the material is manufactured in Italy, it is fabricated in New Zealand. The Milano Collection is available in benchtop thicknesses of 20mm - 60mm, and comes with a 10 year warranty. Being an Italian product, every touch of your surface is like a touch of Italy, you can feel the difference.
